

## **O The Grace That Saves!**

- 1) O the grace that saves, has appeared to every man,  
For it teaches us to say no to all ungodliness,  
And live self controlled and godly in the present age we're in,  
While we wait for our Savior, and the blessed hope from Him.
  
- 2) What a faithful Priest who has given up His life,  
To redeem us from our deeds that are lawless in His sight.  
We beheld of His glory when the Word in flesh appeared,  
For He came to indwell us and of death remove the fear.
  
- 3) What shall we now say? Shall we sin that grace abounds?  
Brethren, may it never be that in us this heart is found!  
Let us come boldly to the throne of grace in time of need,  
To find help for our troubles, and the grace that makes us free!
