

A farmer went out to sow his seed.

As he was scattering the seed, some fell along the path; it was trampled on, and the birds of the air ate it up.

Some fell on rock, and when it came up, the plants withered because they had no moisture and the Sun burned them.

The 4 SOILS

Other seed fell among thorns, which grew up with it and choked the plants.

Still other seed fell on good soil. It came up and yielded a crop, a hundred times more than was sown.
